

HELP ME THROUGH THE WINTER

Cross Over Community Development (COCD) is a 501(c) (3) non-profit organization that was created to support immigrants, asylees and refugees. Our main goal is to remove barriers that prevent them from accessing resources and opportunities by building bridges to self-sufficiency.

COCD is appealing to your kindness and spirit of generosity to make a difference in the life of a refugee, an immigrant or an asylum seeker (individual or family) who have been forced to flee their countries and do not have the means to support themselves.

With the tornadoes that hit the City of Dayton at the end of May 2019, many people have lost their homes resulting in an increased number of tenants the current rental market cannot absorb. Many people—especially newcomers to Dayton—are facing higher rents as they look for housing.

Consequently, COCD is seeking compassionate individuals to temporarily offer a spare room or property to a newcomer family or individual just while they get their lives back on track, thus helping these families to restore their hopes for the future and to recover from their traumatic experiences.

Please note that it is up to the property owner to decide how long this offer can last. Whatever circumstances it may be, however, even a small act of compassion can make a huge impact in a newcomer's life.

If you feel you can help, please email info@crossovercd.org or call 937-559-7195. Thank you!
